## SUMMARY

Passionate and dedicated Computer Science student specializing in Cybersecurity. Hands-on experience in penetration testing, bug bounty, and Python scripting. Registered Cybersecurity Volunteer with interest in vulnerability assessment, threat analysis, and secure software development. Actively learning through CTFs, TryHackMe, and HackTheBox labs.

## SKILLS

Programming: Python, Java, HTML, CSS, JavaScript

Cybersecurity Areas: Penetration Testing (VAPT), OWASP Top 10, Network Security, Incident Response

Security Tools: Kali Linux, Burp Suite, Wireshark, Nmap, Metasploit, Git

Operating Systems: Linux (Kali, Ubuntu), Windows 11

Soft Skills: Problem-Solving, Curiosity, Team Collaboration, Time Management

## PROJECTS

- Conducted a security assessment of a web application using Burp Suite and identified SQL Injection and XSS vulnerabilities; documented mitigation strategies.
- Developed a Python script to scan networks for open ports, detect security risks, and generate automated reports.
- Built an automation script in Python for routine system administration tasks, improving efficiency.
- Participated in CTF challenges (HackTheBox, TryHackMe) solving real-world security labs on privilege escalation and web exploitation.

## CERTIFICATIONS

- Google Cybersecurity Certificate
- Python for Cybersecurity – Online Course
- Introduction to Cybersecurity – Cisco Networking Academy (in-progress)

## ACHIEVEMENTS

- Registered Cybersecurity Volunteer (Government initiative) contributing to awareness programs.
- Reported minor vulnerabilities during bug bounty practice on open platforms.
- Completed 50+ labs on TryHackMe including Web Fundamentals, Linux Privilege Escalation, and Blue Team Basics.

## EDUCATION

Sanjay Ghodawat University, Kolhapur

Bachelor of Technology (B.Tech) in Computer Science and Engineering | GPA: 7.65

September 2022 – June 2026
